Tasting Notes

A fine representative of the Malbec grape. This vivid purple varietal wine is round and medium bodied. It has boysenberry and cherry aromas, with hints of violets and vanilla. In the mouth it is round and friendly, with fine tannin notes and a charming finish. Barricas malbec is one of the best values we have found in Argentina. Enjoy with poultry or “empanadas caseras”.

Ideal serving temperature: 65 ° - 68° F.

Elaboration Process

Hand picked grapes. Harvest in March.

Fermentation in temperature-controlled stainless steel tanks and cement pools. No oak aging.
