

BLANCO NIEVA

Sauvignon Blanc 2020

Bodega Martúe: Nieva is located close to the city of Segovia, with a unique terroir that produces wines of an exceptional quality, freshness, complexity, and elegance. The land's history dates to the 12th century owned by the Los Cartujos monastery, but was later founded in 1989 as a project by the town of Nieva to revive winegrowing traditions in the area. In 2009, after learning about the quality older vines, Fausto Gonzalez, sought out the opportunity to add Blanco Nieva to the prestigious Bodegas *Martúe* Family and have dedicated themselves to creating quality wines in the area using a blend of tradition and the latest technology in winemaking.

Tasting notes: Subtle pale-yellow color. Powerful aromatic intensity, with a fine blend of herbaceous, floral, and fruity aromas complimented by tropical fruits. Easy on the palate, subtle nods of the aromatic fruits and flowers that translate to the flavor. Elegant silkiness with enveloping freshness, on a long dreamy finish.

Wine Makers: Victor S. Osorio Cerda (Chilean winemaker)

Appellation: DO Rueda

Grapes: 100% Sauvignon Blanc

Soil: Sandy with poor nutrients and large pebbles

Elevation: 2,952 ft

Vineyard practice: Cordon trellising

Vine Age: 25 **Yield:** 3.7 tons per acre **Production:** 25,328 cs

Harvest Dates: October 10th. In 2019 a lack of rain and moderate Summer temperatures resulted in low production, leading to intense and high-quality grapes.

Fermentation: Night harvest at low temperature, cold maceration during pressing in an inert atmosphere to maintain all aromas, static racking, fermentation at 55-56 °F in stainless steel tank for 23 days on lees. Clarified at -39°F and filtered. The objective is to preserve and enhance the characteristics of the varietal.

pH: 3.24 **RS:** 1.1 grams per liter **Alc:** 12 % **UPC:** 7 50428 12207 4

D.O. Rueda: The Rueda region is made up of a patchwork of vineyards on the flat high-elevated plains south of Valladolid. Part of the Duero River Basin which was created during the Cenozoic era (from 1–65 million years ago). The soils here are very deep and well-drained, primarily made of sandy-clay or a clay blend soils, northern Rueda has more clay while southern Rueda is predominantly sand. White wines are king of the region, with 80% of the vineyards being Verdejo. Sauvignon Blanc is also gaining traction and proving to create highly balanced and elegant wines.
