Malbec Rosé 2020

Mythic Winery: In the Southern Hemisphere lies a viticultural Eden bathed by an ancient ridge, where pristine glacial waters filter naturally through nutrient rich earth. This unspoiled paradise is the chosen land for growing vines. It is here, our wines are born. 300 days of sun, deep set roots and alluvial soils create the ideal conditions for these Mythic Argentine wines.

Tasting notes: Elegant Provence pink color. The nose has intense fresh red strawberry fruits, along with refreshing citrus notes. In the mouth it is a wine with bright acidity, balanced with plenty ripe fruit. It is a very fresh and clean wine.

ARGENTINA

Lujan De Cuyo: Located just south of Mendoza it is the first delineated appellation for wine production by IOVW (International Organization of Vine and Wine) in 1993. Lying between the Andes mountains in the west and the Lunluta hills in the east. Vines are planted on average around 3,280 ft in elevation. The rain shadow effect from the Andes Mountains creates a desert like climate, but snow melt from the Andes and the Mendoza River makes cultivation feasible. Boasting 95% of the total area planted in the country, makes Cuyo the most prolific region in South America.
