

ANIMA BENDITA

Malbec 2021

Finca Don Carlos started making high quality artisanal wines in 2003, where winemaker Gustavo Silvestri and viticulturist Patricia Conte work together in growing some of the finest grapes from the 50 hectares planted on the property, creating outstanding and expressive wines that are true to their varietal and reflect the unique characteristics of their terroir. With a total capacity of 116,000 liters, the winery is equipped with temperature-controlled stainless-steel tanks and state-of-the-art equipment.

Tasting notes: A lively ruby red with violet hues, it reveals notes of red fruit on the nose and a subtle floral hint of violets and lavender. In the mouth it expresses the vigor of its youth.

ARGENTINA

Tupungato Region: This prized wine region is regarded by most experts as the best in the world to produce Malbec. Dry summers, followed by harsh winters and a wide temperature range between day and night allow the vines to produce low yields, resulting in an outstanding quality of grapes.
