

CALENDAS

Tempranillo 2021 20L Keykeg

Bodegas Ochoa: Bodegas: Since 1845 the Ochoa family has been making wine in Navarra, Spain. Javier Ochoa has passed the torch to the 6th generation; his two daughters Adriana and Beatriz Ochoa. With the previous momentum of their father's work, the Ochoa sisters push the Ochoa winery forward. Their 145 acres of vineyards and olive orchards are farmed according to European organic certification guidelines (certified as of 2018) along with the use of sustainable agricultural and winemaking processes.

Calendas: The Calendas range represents a fresh, fruit-forward, young wine. The 'Calendas', is based on the Roman calendar which starts when the vine begins to first bud and dictates the rest of the year.

Tasting Notes: Raspberries and red currant with lavender and violets on the nose. These flavors transfer into the mouth with medium firm tannins and medium-plus acidity and a good concentration and balance on the finish.

Winemaker: Adriana Ochoa

Appellation: DO Navarra

Grapes: 100% Tempranillo

Soil: Calcareous clay and small pebbles

Elevation: 1,312 ft

Vineyard practice: The Finca Santa Cruz vineyard is one of the most complex plots in Bodegas Ochoa. Maintaining its biodiversity is the utmost of importance, the use of green covers and utilization of insect houses promote a natural harmony while protecting the fruit. European certified organic and sustainable practices.

Vine Age: 26 years **Yield:** 4.8 tons per acre **Harvest Dates:** 1st week of Sept

Fermentation: Short maceration of skins and must prior to fermentation at low temperature with autochthon yeast. Then the wine rest in temperature-controlled stainless-steel vats prior to bottling.

TA: 3.61

RS: 2.7 grams per liter

Alc: 13%

Dimensions: Height: 22.52 inches (572 mm) Diameter: 9.45 inches (240 mm)

D.O. Navarra: With the Pyrenees mountains in the north, the Bardenas Reales desert in the south, and the Bay of Biscay just one hour away, creates an interesting confluence of 3 climates; Atlantic, Continental, and Mediterranean. This combined with a range of soils, altitude, sunshine, and rainfall that are all packed into an area of 120 miles north to south and 60 miles east to west, allows for this small region to produce a variety of wine styles from many different varieties. Very few regions can offer this level of quality in white, rose and dessert wines all in one viticultural area.
