

Ponte da Barca is a cooperative of growers with vineyards in the regions of Lima, Cavado, Ave and Sousa, within the D.O.C. Vinho Verde in Portugal. With more than 50 years of winemaking, the winery produces clean and expressive wines that reflect the typical characteristics of their terroir. The grapes varieties grown are Alvarinho (Albariño), Loureiro, Arinto and Trajadura for whites and Vinhao, Borracal, Espadeiro for reds. The vines grow in fertile, granite soils along rivers that flow from the eastern mountains to the ocean. This cold and rainy region makes ripening more difficult but also allows for higher acidity in the grapes, making lively, crisp and refreshing young wines. Hence the name “Vinho Verde” meaning “Young wine”.

**BONINA Vinho Verde** (85% Loureiro, 7.5% Trajadura, 7.5% Arinto) Bonina is the name of a colorful and lush Portuguese flower. Crisp, refreshing and Vibrant. Aromas and flavors of tropical fruits with hints of citrus. Mild and refreshing sparkling mouthfeel with a clean and slightly mineral finish.

**BONINA Rose** (60% Vinhão, 30% Borracal, 10% Espadeiro) Lively aromas and flavors of strawberries, cherries and mild spices. Light and smooth, with a semi-sweet taste profile and a charming spritz mouthfeel.

**ESTREIA Brand** The same good quality and value as Bonina with a more classic look to target different segments of the market.
